8 Steger Place
Rochester, NY 14622

Dear Sandy,

Thank you for agreeing to be one of our featured speakers at Gardenscape 2009. The knowledge, and expertise regarding deer behavior and deer deterrents in your talk 'How to Deer-Proof Your Garden' was so informative. Your lively ways of presenting and great tips were most helpful for those of us who 'garden' with deer! Several who attended expressed their appreciation for this kind of educational seminar. Understanding deer behavior is a major part of knowing how to plant and protect the gardens we love.

It is professionals like you who truly make our seminar days special.

Sincerely,

Megan Meyer
